

Jogjakarta; 08 September 2011

Dear All the Parishioners of
Saint Franz Sales
In Jülich

Greetings in God's love

After getting involved with the victims of the volcanic eruption, we are inspired to extend our concern to the humanity. Being called to serve the reality, we have created the JPIC (Justice – Peace – and Integrity of the whole Creation) of Wisma Claretian Yogyakarta.

We have extended your donations that we have received with the priority to the victims of the volcanic eruption. The pictures here tell you something about what we have done. Beside the first respond to the basic needs of the refugees – as you have seen in our first bulletin, “Message from radius 22 km from Merapi” (December 2010) – we have extended to the wider context of life of the refugees. The activities that we have done like “go greening act with thousands trees”, giving the agricultural tools, empowering the economy life of the traditional farmers of Merapi through the animal cultivation, helping to restore the broken houses, helping the orphans, and donation for the education.

Based on our vision and mission of JPIC, we plan to help those who are in need but have never been touched by any kind of social or humanitarian help. It is a hopeless thing to wait our government concern to the marginalized one. It is one of the reason why we are called and we are trying to do something even in a small scale to lighten the sufferings of those who are in need.

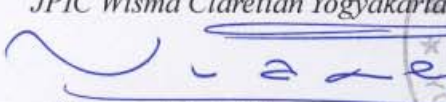

For this reason, we have opened the special account number for JPIC Wisma Claretian Yogyakarta.

JPIC Wisma Claretian Yogyakarta
Bank : BNI UGM Yogyakarta – Indonesia
Rec. acc. : 0210935923
Name : Yohanes Maria Vianey Lusi Emi
Swift Code : BNINIDJA

It will be a great help if you can extend our intention in this letter to all the families in Jülich or to those who have good will to be in solidarity for the Indonesian people who are in need.

We are very thankful for all your generosity to help our people who are in need.

May God bless you and all that you have done to the others.

In Jesus' Love
JPIC Wisma Claretian Yogyakarta

JPIC Wisma Claretian Yogyakarta is a non-profit institution to help those who are in need. It was established by the Claretian Missionaries in Yogyakarta during the volcanic eruption of Merapi in November 2010. At the beginning, the priority was given only to the victims of the volcanic eruption. BEING CALLED TO SERVE THE REALITY, we extend our concern to our neighbours who are in need.

VISION

“Think globally and act locally” through all the social, education, health and humanitarian concern in our context of life in Indonesia in order to achieve Justice – Peace – and the Integrity of the Creation.

MISSION

1. To help the victims of natural catastrophe. It includes the traditional farmers who fail in harvest because of the climate changes.
2. To promote reforestation through the greening actions in the barrenness area.
3. To care the marginalized groups (especially orphans, children and mendicants in the street) who have not been touched by any kind of social cares.
4. Realizing the gap in education between the west and the east part of Indonesia, we are trying to help the children and the youth from eastern part of Indonesia (NTT: East Nusa Tenggara) to get the better education.
5. To create the link and the cooperation with our Claretian Mission in Indonesia

and Timor Leste where the major part of mission areas are in isolated places with the traditional farmers.

6. To create the intercultural and interfaith dialogue in the context of Indonesia through the seminars, courses, live-in/exposure experiences and training.
7. To facilitate the Bible animation program in order to live in justice – peace and integrity of the creation according to the divine mandate from the Bible.
8. To give the chances to the Claretian priests, brothers, and students who are the main agents of JPIC to deepen their knowledge in the fields of JPIC.

MOTTO

To make human more human
